

Perm State Medical University

About Perm City

Perm is one of the largest cities in Russia and the second largest in the Urals. Perm is situated in the Eastern European part of Russia.

- The Population of Perm is more than 1 million people.
- The city has an international airport, railway station and the river.
- The Distance from Perm to Moscow is 1339 km.
- Travel Time (Fast Train)- 22 hours
- Travel Time (Flight)- 1 hour 40 minutes
- Moscow Time is 2 hours behind Perm.

Perm Weather & Climate

Russia is renowned for its long and cold winters. Perm has a temperate continental climate: winters are by far not as harsh (average day temperature in January is -15C) when compared to the more eastern parts of the country. Summers are usually very sunny and warm, averagely +25C in July- and August day times.

About University

Perm State Medical University is one of oldest and biggest universities located in the Perm city of Russia. At present there are around 569 employees in the university including highly qualified teachers and the candidates of medical sciences. The university is proud to have the great scientists and honoured doctors working as faculty.

Perm State Medical University was founded in year 1916. In year 2016, University has completed 100 years of its existence.

PSMU is a member of The Association of Medical Schools in Europe.

Since 1992 the university has been listed in the State Register of Participants of Foreign Economic Relations; foreign students are trained by the programs of pre-training, prediploma and postgraduate education.

Two polyclinics are operating are present in the University. There are nine comfortable and well-furnished hospitals attached to the University.

More than 160 foreign students from 21 countries around the World (India, Morocco, Sudan, Algeria, Pakistan, Zimbabwe, Afghanistan, Israel, Germany,

Azerbaijan, Ukraine, Uzbekistan, Moldova) are currently studying at Perm State Medical University.

The University has started the course in English Language form 2016

During the whole period of its history the main goal of the University has been training specialists of a high qualification, having fundamental theoretical knowledge, practical skills in their specialties. The principal mission of the University is to preserve, develop and disseminate its cherished values.

Perm State Medical University has been recognised by the Ministry of Higher Education to train medical professionals for foreign countries, having highly professional teaching staff.

During the period of its existence, more than 50 000 doctors graduated from PSMU.

About University

PSMU is a member of The Association of Medical Schools in Europe. Since 1992 the university has been listed in the State Register of Participants of Foreign Economic Relations; foreign students are trained by the programs of pre-training, prediploma and postgraduate education (at present – students from 21 countries of the Near East, Africa, Asia, Commonwealth of Independent States).

Perm Medical Journal is published at PSMU. Since 2003 it is included into the list of journals, recommended for publication of the basic scientific results of theses for a Doctor's degree. The journal is the oldest medical edition in Russia, which is published from 1924.

Doctor of Ural is the oldest newspaper of Perm higher schools published in large editions. Its first issue was published in November 1931. Its main subject is exchange of information, experience, achievements. The life of the University is closely

connected on its pages with important events of Perm and Perm Krai, achievements and problems of public health.

Since 2005 the University is headed by Honoured Worker of Science of the Russian Federation, Doctor of Medical Sciences, Professor I.P. Koryukina.

In April 2006 Perm State Medical University (at that time - Academy) was named after Academician, the State Prize laureate – E.A. Wagner. In 2007 the staff was awarded the “The Gratitude of the President of the Russian Federation”. In October 2014 the academy received the status of the university.

PSMU is integrated into the regional medicine. Clinical departments, which provide educational process, are placed in most treatment-and-prophylactic institutions. Besides, professors and staff of departments carry out practical work, introducing new scientific achievements into the public health of Perm Krai.

Science & Research

Scientific authority of the University in the country and region has been constantly growing. Scientists carry out research work in all fields of medicine. Eleven well-known in Russia and far abroad scientific schools have been formed at the academy. Every 3rd-4th lecturer is Doctor of Medical Science, Professor. Nearly 80% of lecturers of the University have degrees. There are 6 profile institutes, 4 dissertation councils in 10 specialties formed on the basis of the University. Scientific investigations of Perm physicians are widely inculcated into practical public health; they are reflected in numerous scientific works. Every year the total number of utility patents exceeds 30.

Our scientists take an active part in contests for Russian and international grants, participate in the work of scientific forums in Russia and abroad, cooperate with many research institutions, colleagues of the former Soviet republics and all over the world. Collaborators of the University have joined the integration scientific processes with the academic institutions of the Ural Department of Russian Academy of Sciences. The result is intensification of scientific investigations with their wide inculcation into medical practice and ten RFFI grants with the total sum of 10 million rubles.

International Activity

Perm State Medical University has signed 18 Agreements of Cooperation with the Universities of Germany, Italy, Israel, USA, France, Kazakhstan, several international organizations like International Federation of Medical Students' Associations (IFMSA).

In the frames of these agreements educational and research projects are realized. The University pays much attention to development of academic mobility of the staff, young researchers and students. Annually near 30 foreign professors present lectures at the University, they consult patients, demonstrate new technologies. Near 10 Perm medical professors share the experience with their foreign colleagues, organizing seminars and master-classes abroad every year.

Students of the University actively participate in the work of international student congresses, conferences, seminars, international volunteer movement. Results of their investigations are published in foreign journals. They regularly train at foreign university hospitals during summer holidays and organize the similar study courses for foreign students.

Training of Foreign Students

Training of foreign citizens is an important index of the University efficiency, an instrument of long-term international collaboration.

Dean's office for foreign students coordinates the work of PSMU in training of health manpower for foreign countries – intake of students, execution of invitations, conclusion of contracts and their control, organization of training at preliminary courses, educational work and supervision at campuses, execution of graduation documents and their legalization in the Ministry of Foreign Affairs of Russian Federation, solution of organization, methodic problems, organization of living conditions.

Foreign students are provided with a living place in double or three-man rooms at students' campus with access control in the centre of the city.

Foreign students make use of the University library and sports halls on a par with Russian students.

Foreign students from 21 country (India, Morocco, Sudan, Algeria, Pakistan, Zimbabwe, Afghanistan, Israel, Germany, Azerbaijan, Ukraine, Uzbekistan, Moldova) study at PSMU.

PSMU's International Department welcomes all International Students.

Special Visit of an Indian Faculty

Rus Education arranged special visit for an Indian Professor to deliver a lecture on the subject of Human Anatomy to Indian Students studying MBBS in Perm State Medical University, Russia.

Special Visit of an Indian Faculty

What our Current students Say?

The Faculty at Perm State Medical University not only promotes excellence in , but it also provides many valuable learning opportunities for students, such as engagement in scientific research, and presentation of research work at International conferences. My time here so far has exceeded all expectations!

Sindhu Sao, Chattisgarh, India

PERM STATE UNIVERSITY is very good university. The Dean of the University and all the teachers are very friendly, cooperative, polite and helpful.

They organise get together time to time for us to be friendlier. They celebrate Indian festivals too with us. The atmosphere and facilities are simple awesome here in Perm State Medical University.

Shaista Parcel, Delhi, India

The Perm State Medical University is a good choice for every student. The faculty members of Perm State Medical University are very polite and helpful in nature. We are provided special classes by Indian professors to make study more comfortable. We are provided with good accommodation. We live with Indian students and Indian food is provided in the hostel mess.

Charu Hans, Delhi, India

I R.P Singh father of Arpita Singh and Rahul Gupta hereby appreciate the staff of Perm State Medical University. Students who have gone over there are well to do in their studies and they are comfortable in hostel and medical university. I am really very thankful to the whole team of Rus Education present in Perm State Medical University.

R P Singh, Uttar Pradesh, India

What our Current students Say?

"Perm State Medical university has given me the right foundations for starting a career as a Doctor as well as helping me gain confidence in my own abilities and knowledge."

Faheem Ul Haq, Sri Nagar, India

'Perm State Medical university is one of the oldest universities to attend in Russia. There are so many great facilities which help improve our academic skills and help with our professional progress. All the staff members and lecturers are very, very helpful.'

Gaurav das, Delhi, India

The experience of being a student in Perm State Medical University has been amazing for me. While getting enrolled here my parents were very much concerned about sending me to a country which we never heard of, but yes Now I can say that the decision taken by them was 100% right. Me and my Family appreciate the care and concern of the Representatives in Perm State Medical University who actually made me stay comfortable here in Russia.

Arlina Borborah, Assam, India

Becoming a Doctor was my dream and getting the admission in India became a nightmare for me because of the tough competition here. Then through known I got to know about Indian Admission office of Perm State Medical university whose counselors not only guided me to choose the best university suiting my budget but also are helping me in my day to day stay here in Perm.

I am thankful to Perm State Medical university.

Aadil Gul, Sri Nagar, India
