## Message from CHAIRMAN

*"We have opened a wide window towards the Noble Profession of the world....."*

It is my great pleasure to write the message for Rangpur Dental College and for Rangpur Community Medical College as a chairman of both institutes.

I feel immensely proud for the rapid development of both institutes within the shortest period of time. For this development first of all I would like to express my gratitude to The Almighty Allah for his continuous benevolence on us. Then I would like to give respect & gratitude to the all members of Governing Body, Managing Director, Deputy Managing Director, all board members, Principals & Teachers of both institute and all the official staffs of our whole organization for their physical & mental effort & place these institutes in the Hall of Fame. I also thank my ex and present students who are playing the vital role for sparking the name of our institutes by their brilliant and outstanding results.

My dear prospective students, you are cordially welcome to Rangpur Dental College or Rangpur Community Medical College to build your dream career. We have opened a wide window towards the noble profession of the world and waiting to welcome all of you at the door for the admission.

**Mrs. Nilu Ahasan**  
Chairman  
Rangpur Dental College  
&  
Rangpur Community Medical College

## Message *from* **MANAGING DIRECTOR**

Its my great pleasure to write something on the occasion of Prospectus publishing of Rangpur Dental College and Rangpur Community Medical College for the upcoming admission session. I would like to pay tribute to my father Late Dr. Mofizuddin Sarker, who was the founder architect of our organization.

To all measures, Rangpur Dental College and Rangpur Community Medical College along with Doctors Community Hospital (Pvt.) Ltd. are emerging, enterprising and progressive institutions marching ahead for becoming a centre of excellence and creative education in the health care sector.

Profession of MBBS physician or Dentist is a Noble Profession. Rangpur Dental College and Rangpur Community Medical College are providing all sorts of knowledge and skills to fulfill those requirements.

We inspire and stimulate students to develop academic, professional and personal skills and capabilities to perform well in the competitive survival environment of this era. Dear Prospective Students, we are sure that you will go with our dream and vision of making this college a front-runner and leader in the pursuit of improved health care.

**Md. Nazmul Ahasan Sarker**  
Managing Director  
Rangpur Dental College  
&  
Rangpur Community Medical College

## Message

*from* **DEPUTY MANAGING DIRECTOR**

At the dawn of the new Millennium, selecting an institute for medical education has become challenge for the students. While there is no shortage of colleges and universities offering medical education in Bangladesh, what is really required is pursuit of excellence in term of medical education, clinical training and research activities.

One of the major strengths of Rangpur Community Medical College & Rangpur Dental College is it's faculty. The faculty members of RCMC & RDC stand for their excellence and leadership in their respective disciplines to impart learning and make the students self-learners so that they can keep up with ever-changing knowledge base once they graduate.

It indeed shall set stringent standards to ensure that graduates of this college meet the challenges of this noble profession in terms of knowledge, competence, ethics and commitment, Rangpur Community Medical College & Rangpur Dental College strives to be center of excellence in medical education. Let us join hand and make an honest beginning with determination. Welcome aboard.

I envisage a bright future for the institute and wish it great laurels in the times to come.

**Asrafal Alam Alamin**  
Deputy Managing Director  
Rangpur Dental College  
&  
Rangpur Community Medical College

## Message

*from the* **PRINCIPAL**  
**Rangpur Community**  
**Medical College**

I am honoured to be the principal of the well-established and renowned 'Rangpur Community Medical College'. The college is run by a team of highly qualified and skilled individuals. Here all the professors and lecturers are very cordial to the students. I can confidently say that, the 'student-teacher relationship' at this college is something to be proud of.

Under the supervision of principal, the academic coordinator, phase coordinators and the departmental heads are playing coordinated role for the betterment of students. Each and every senior and junior teachers are serving here with much eager to make best doctors.

For intern doctors, we have a well-equipped hospital. After completing their final year of MBBS, students from both home and abroad are trained as intern doctors in this hospital. We have a skilled and energetic hospital director who treats all inter-doctors equally. Our management is very friendly to the teachers, students and support staff.

I am very hopeful that the existing support of management, activities of teachers, participation of students and staff assistance will soon make our 'Rangpur Community Medical College' one of the best private medical college in Bangladesh as well as in the world.

**Professor Dr. Md. Shamsuzzaman**  
MBBS, M.Phil (pathology)  
Head, Department of Pathology  
And Principal, Rangpur Community Medical College

Rangpur Dental College

## Message *from* **Vice Principal & Academic Coordinator**

For a society to survive and progress, each generation must pass its knowledge, skills, and values on to the next. This process is called education.

Throughout our lives, we are also educated informally, by parents, friends, or the media. Education provides society with doctors, teachers, and scientists; gives the industry a capable workforce, and helps maintain law and order by instructing people in social values. Different types of education cater to different needs. We are dealing with medical education to provide doctors who will serve humanity.

I am glad to inform you that Rangpur Community Medical College is for going ahead with confident steps towards a bright future. It is now the 14th time that Rangpur Community Medical College has wide open its doors to welcome the next batch. We believe that we have the most exciting freshest and most flexible undergraduate medical education programs in this country. Our institute, one of the finest in the country, will give you the best possible professional knowledge. You will be taught by highly qualified faculty members. I am happy to let you know that the 1st – 8th batch students of Rangpur Community Medical College have completed their journey of MBBS course. I have full confidence in them that they will act as a true ambassador of our noble institution. We continue to evaluate and improve our programs to ensure the best medical education for our students so that they can acquire adequate knowledge, skill, and temperament. I wish each and every student of Rangpur Community Medical College to be the best qualified and dependable doctor, rendering their service to the nation and they will be Committed to Embrace Humanity.

**Prof. Dr. M. M. A. Wadud Mostafa**  
Vice Principal and Academic Coordinator  
Rangpur Community Medical College

## Extra Curriculum Activities

According to curriculum, college conducts frequent health outdoor camp for educating, motivating & treating the general public, specially the rural population to improve their hygiene and health status called Residential Field Site Training (FRST). 14 days health complex visits are compulsory for all intern doctors. Students annually go for long distance tour called Study Tour under management's supervision. All National Days are celebrated with due honor. Different remarkable days related to Health Care Sector are observed by organizing Rally & Seminar. We encourage students to publish wall magazines and archives regularly under teacher's supervision.

Bangladesh is country of culture & customs with full of natural and artificial beauties. Exposed to these cultural programs held in college & outside the college will help students to broaden their understanding & respect for the various social diversion.

## Additional Support

We support student in professional and personal level as they need. We also help student in visa extension, City SB registration upon arrival, health problem & any sort of complains/ grievance. College provides free consultation for all student at our hospital with heavy discounts on tests. In case of hospitalization, students will be benefited with free cabin under special care of professors & management. Choices will be subjected to availability.

### Punctuality

Class punctuality is monitored by automated software. Student's absence in class will be notified to parents/guardian via SMS. Student with low attendance in class may defer from appearing in exams.

### No to Alcohol & Drug

Addiction to alcohol & any sort of drug abusing will be considered as severe offence & punishable. Smoking in campus & hotels are fully prohibited. Drug/Alcohol abuse & carrying is breach of law in Bangladesh that might be proceeded under jurisdiction for institutional punishment. If anyone is found carrying/keeping any form of drugs, extreme measures will be taken against him/her by college authority immediately.

### College Disciplinary Action

Student must observe strict discipline in college. On disciplinary grounds, penalties may be imposed to a student depending on the nature of offence.

1. Verbal Warnings
2. Student/Guardians Undertakings
3. Fine
4. Defer from appearing in Classes & exams
5. Expulsion from Hostels or college -Temporarily/Permanantly
6. Or any other form of punishment decided by Academic Council.

## MESSAGE of FOREIGN STUDENT

There are many misconceptions about studying medical science in abroad. But I feel blessed by taking admission Rangpur Community medical College. RCMC is one of the well-known medical colleges in Bangladesh. It provides quality education as promised along with co-curricular activities & has no political affiliation. Authority gives extra security to foreign students that they never be felt insecure in this land. In short, this institute has created an environment not only to become good doctors but also a good human being.

**Ashifa Begum**

MBBS, 10th batch, Assam, India

Like most improbable, short sighted childhood dreams of our life that seem to change with the shift of the winds, I had initially given up all hopes on my dream of becoming a doctor. But when I came to learn of Rangpur Community Medical college through an education fair being held in my country, I was ecstatic. The college was indeed distinguished and exceptional. The college is not too far away from home, has a multicultural environment with one of the best teaching faculties. Choosing RCMC has to be one of my best decisions since the college has helped me in fulfilling my childhood dream.

**Mehnaaz Chhetri**

MBBS, 11th Batch, Bhutan

It is indeed hard to put into words all that I have gained so far since setting foot into this institution. The state-of-the-art facilities, the professors and batch teachers who are well-versed in their respective subjects, the ease they provide us in learning which give us the "joy of learning" we so often speak of. It is my belief that this institute will more than be able to mold us into the medical practitioners we dreamed of becoming before having been admitted here. I therefore urge aspiring doctors to pursue MBBS in RCMC as it will make them the life-savers they so desire to become.

**Roshan Soibam**

MBBS, 10th Batch, Manipur, India

I am proud to be a part of RCMC that provided me a strong academic foundation and disciplines. The constant effort from the teachers helped me to accelerate my overall academic journey, goals, achievements and further made my career bright enough to being the best doctor. I am too much grateful to my teachers who have changed my whole aspect towards learning the skills. I wish every one who joins RCMC & has a great and successful college life and career too.

**Bhesh Raj Budhathoki**

MBBS, 11th batch, Nepal

## MESSAGE of FOREIGN STUDENT

Choosing Bangladesh has been a big decision for me. As a foreign student. It's been a challenge to learn a new language; but I am thankful to the teachers who made it much easier for us. They have always made sure that we get a comfortable communicating environment in the class. The best thing about studying here is the exams. Regular items, viva, card exams keep us study oriented. Also, regarding accommodation, our college has a well-managed hostel with every sort of facility required. It's been really good so far for me here in Rangpur Dental College and I am grateful to be called an RDCian.

### **Aaniya Shrestha**

BDS, 18th Batch, Kathmandu, Nepal

I always dreamt to be a doctor for the sake of poor & wretched people. Now, it's going to be fulfilled in RCMC, the bestOne. My teachers are more than a teacher but a family, our friend, philosopher & guide. The accommodation provided to us is very modern & secured. I know that medical science is very tough but with the group of legend professors & experienced lecturers made it easier to learn and my clouds of dream comes raining my success of being Doctor in RCMC. I owe to RCMC & it will remain alive in my mind till my last sense. I'm very proud to be a student of RCMC.

### **Akash Das**

MBBS, 9th Batch, West Bengal, India

It's an honor and privilege to be a part of this institute, RCMC. After 5.5 unforgettable years of studying here, I can confidently say that this privilege is truly deserved. As the first batch from India, it was difficult at first to be with people and environment I never knew. But eventually everything went smoothly as it turns out to be a friendly environment. We have excellent course curriculum and faculty, renowned principal and a beautiful campus. We have access to fantastic facilities, all within walking distance and a very strict hostel. Fortunately, our college has a very strict marking scheme. Teachers here molded us very well and are always there to clarify our doubts. I am glad to be here and I enjoy the environment I am in.

### **Dr. Sagapam Nirupama Devi**

MBBS, 6th Batch, Manipur India

I, Sheikh Najia Rokshana, Final year MBBS student of Rangpur Community Medical College. This one year in RCMC made me feel blessed to be the student of this renowned college in Bangladesh. Our teachers are highly qualified & extremely co-operative. Our Prof. Dr. Afruza Bulbul Akhtar is one of the best Anatomist in Bangladesh and it's our privilege to be her student and take classes with her. I never felt like outsider due to the friendly environment. Authority of the college is very concerned regarding our security and I feel very secure in hostel and college. I'm happy that I took right decision by choosing RCMC to fulfill my dream of being a good doctor.

### **Sheikh Najia Rokshana**

MBBS, 8th Batch, Assam India

## MESSAGE of FOREIGN STUDENT

I, Ashmita Bhattarai find myself extremely lucky for choosing this college for my Medical Career. As a foreign Student in Bangladesh, I had expected to face many difficulties while studying here but this college has given such a friendly environment that makes me feel that I'm in my own country. Besides this, group of legend professors, lecturers and understanding teachers makes this college, one of the best for medical study. Along with these, well equipped labs & library are additional facilities that are extremely helpful enhancing our knowledge. I feel proud & happy to be an RCM Cian. Bhesh Raj Budhathoki

**Dr. Ashmita Bhattarai**  
MBBS, 7thBatch, Jhapa, Nepal

Hi, I am Aroop Atal Sharma currently studying MBBS in Rangpur Community Medical College. When I started thinking for the plan of abroad MBBS program, I searched out many colleges and I find out this college to be the best one for me. I am very proud to say that this college is one of the best in Bangladesh. Firstly, I was in doubt that how I will get used to of the environment and the studies but the faculty supported and cooperated with me a lot during my initial stage. The teachers deliver their lecture in English and Bengali both. To get acclimatize with the surrounding you must learn how to speak Bengali language. My respected teachers and friends helped me alot to learn that language.

**Aroop Atal Shrama**  
MBBS, 10th Batch, Bihar, India

I'm Sushmita Jannat, 3rd year student of RDC feels great to be the part of this glorious institute in Bangladesh. This is well reputed college & teachers are highly experienced and friendly to all of us. The accommodated provided by the college is very good and somehow, I feel here as my home in India. RDC produces many good doctors & I wish to be one of them in upcoming years.

**Sushmita Jannat**  
BDS, 17th Batch, Assam India

I knew nothing about RCMC when I applied. I was given a couple of links to some of the websites of the old colleges but for some reason didn't feel at home with what I read and saw. Instead, I applied to RCMC and I know that was the best decision I could have made. What I found appealing about this college was the idea of belonging to an academic community of experienced and highly qualified teachers with homely college and friendly hostel.

**Dr. Suraj Sharma**  
MBBS, 6th Batch, Janakpur, Nepal

## MESSAGE of FOREIGN STUDENT

I came to Rangpur Dental College as a young girl with a dream to become a dentist as any other student here and I am happy to have made this decision. This college has given me all the facilities and reasons to feel at home and I am grateful for a wonderful set of highly qualified lecturers. I am looking forward to a wonderful five years in this wonderful college.

**Nikita Pradhan**  
BDS, 17th Batch, Thimphu, Bhutan

I, Rabin Poudyal from Taplejung, Nepal is Final year student in Rangpur Dental College. Medical Profession is regarded as one of the most prestigious profession in our society. So, to achieve this status, one must choose a good institution. I was very confused during admission whether I have chosen the right institution for my higher education but with the one & half experience with such prestigious professors and lecturers made me feel that I had made right decision for selecting it to make my dream come true.

**Dr. Rabin Poudyal**  
BDS, 16th Batch, Taplejung, Nepal

RCMC has provided us a deeply transformative experience- intellectually, socially and personally. It is an amazing place to live in. My journey in RCMC has been enormously fulfilling. Hostels are actually homes that fosters a community of togetherness and trust. One of my favorite things about this place is the support we receive from the management especially our DMD sir. And how willing and enthusiastic our professors are when it comes to help us. They all made us realize we are not just another brick in the wall.

Eloquently stated and simply put, RCMC has helped me to burn the candle to brighten my future and achieve my dreams. It transformed my life. It can transform yours too. I surely couldn't have chosen better place to accomplish my dream.

**Aisath Nuha**  
MBBS, 8th Batch, Maldives

As a child the only aim of my life was to be a dental surgeon. Pursuing the medical study was the goal of my life. I completed my HSC study & after that for higher studies, following my dreams was inevitable. But during the course, I had many predicaments such as what to do next? Where to study?

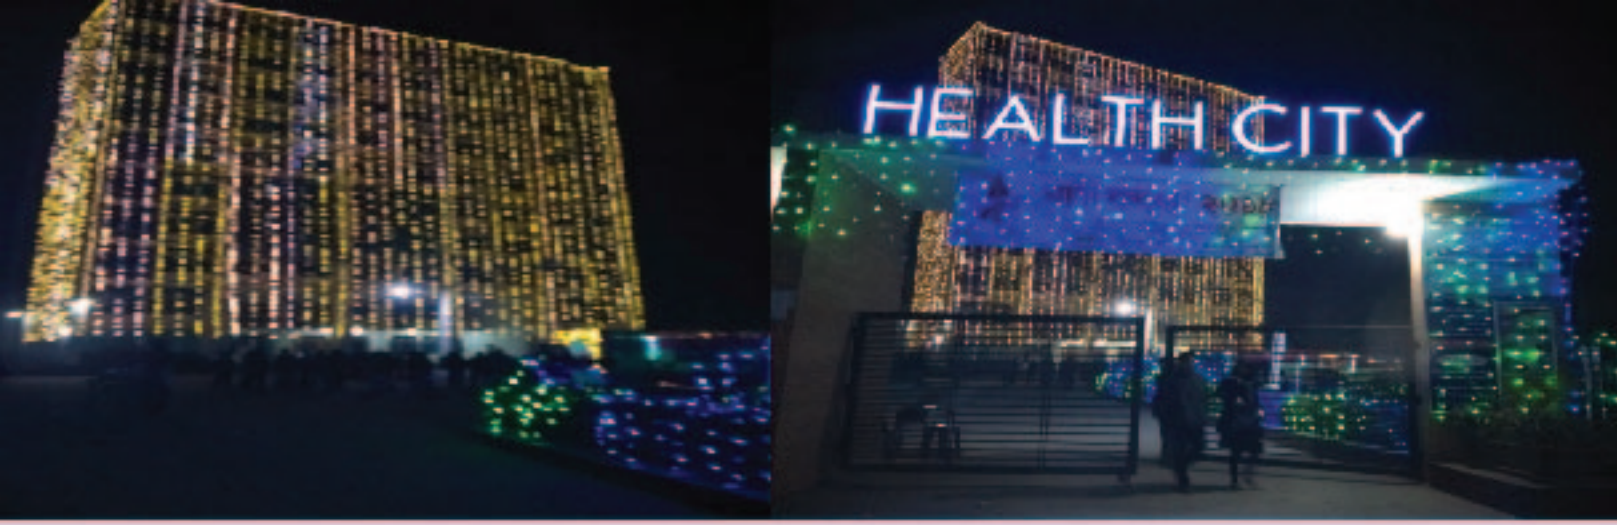

Choosing a right college was very important, because it was the vital factor that was going to decide my future. Finally, I get to know about the medical study in Bangladesh. Foreign study, it was obviously one of the matter of concern but then I decided to choose Rangpur Dental College for my higher studies and it was indeed the good decision. The teaching method here in Bangladesh is very effective. The exam on the regular basis, various practical based teachings has guided me in good way. The excellent group of teachers along with the essentials of the medical study was provided by the college in the best possible way.

Similarly, the people here in Bangladesh are very much welcoming. Though I am far away from Nepal. I never felt left out. Bangladesh feels like my second home.

Rangpur Dental College has the glorious history. It has guided many students to become profound and successful. I have full faith that with the proper guidance of the Professors and teachers here I would achieve my goal of being a successful dental surgeon.

**Rubi Balami**  
1st Year BDS, Batch- 20th, Kathmandu, Nepal
