# Yerevan

## Capital Of Armenia

---

*Yerevan is the capital and largest city of Armenia. Yerevan became the capital of Armenia on 21 September 1991. It is one of the world's oldest inhabited cities. Yerevan is one of the beautiful cities of Armenia. With its economic growth, the city has transformed from a provincial town within the Russian Empire to Armenia's administrative, cultural, artistic, and industrial*

*center. The city has many retail outlets such as restaurants, shops, and street cafes. This made it easier for the travellers to find things to enjoy during their travel.*

*The climate at Yerevan is usually extremely hot in summer with the temperature reaching 40 °C (104 °F) and extremely cold in winter with temperature as cold as -15 °C (5 °F) and lower.*

*Yerevan also has Churches and other places that attract tourists during their visits. Few of the famous places in Yerevan are Katoghike Tsiranavor Church is the oldest Church of Yerevan and Saint Gregory Cathedral is the largest Armenian cathedral in the world.*

*Other places such as opera houses, theaters, museums, libraries, and other cultural institutions filled the city with its different quality of attracting and entertaining people. Yerevan has a famous theater called the Yerevan Opera Theater. It has the largest art museum in Armenia called the Gallery of Armenia.*

# Why **ARIU**?

---

*Armenian-Russian International University is one of the top medical universities in Armenia. Students who are studying at the university get exposed to high-quality medical education.*

*The Medical program is specifically designed to provide both the Basic Sciences and Clinical training program. This in turn help the students learn more about the medical course and eventually help them meet the requirements for the medical licensing in India and other countries including the USA, UK, Canada, and many other countries after the MBBS graduation from the Armenian-Russian International University.*

*Armenian-Russian International University is a medical university located in Yerevan the capital city of Armenia. It is the largest city in Armenia and one of the oldest inhabited cities. The university was established in the year 1996 with an aim to deliver quality medical education to the medical aspirants.*

*The university offers MBBS in Armenia at an affordable tuition fee. The MBBS curriculum at Armenian-Russian International University is a 6-year program. With quality medical education, the university helps the students excel in medicine, medical practice, research, and other clinical work.*

# MBBS in **ARIU**

*Armenian-Russian International University is a medical university located in Yerevan, the capital city of Armenia. It was established in the year 1996. The university offers a 6-year MBBS program to the medical aspirants from Armenia and around the world. The curriculum of the MBBS in Armenia is based on world-class medical education. At the university, the medium of instruction is English. Some students are currently studying at the university from around the world. This includes countries like India, USA, UK, Russia, Ukraine, and other countries of the world. The medical program at the university is designed to empower the students to have quality medical education that meets the requirement of Medical Licensing Certificate in India and other countries so that after the MBBS graduation, students can practice in any country of the world. The MBBS program at the university includes the Basic science program and Clinical program. These programs enable the students to learn about the application of basic sciences in medical sciences such as anatomy, physiology, biochemistry, histology, and medical terminology.*

*Armenian-Russian International University is one of the best medical universities in Armenia. # Admission Procedure

---

*Armenian-Russian International University is one of the fastest-growing universities in Armenia. The academic program at the university is designed as per the international standard to enhance the academic performance of the students. The tuition fee at the university is very low; therefore, students from other countries can pursue their medical career at a very affordable cost.*

*At Armenian-Russian International University, we offer a 6-year MBBS program for medical aspirants from Armenia, Russia, and other countries.*

*Admissions at the Armenian-Russian International University for MBBS program is based on the students' academic skills, assessment, interviews, and other criteria. Indian students who qualify NEET can directly apply for MBBS at the university.*

*The university welcomes students who are eligible to pursue the MBBS program.*

**Note:** For pursuing MBBS Indian students must qualify NEET. Students must score a minimum of at least 50 percentile for General Category and 40 percentile for Reserved Category according to the guidelines of the Central Board of Secondary Education India.

# Campus Tour

*Mkhitar Gosh Armenian Russian International University is one of the much acclaimed choices for Indian students to study MBBS in Armenia. The university takes pride in facilitating the state-of-art infrastructure, with picturesque locations, vibrant learning atmosphere, fully furnished classrooms, resourceful libraries and complexes*

# University Clinical

*Learning at the Mkhitar Gosh ARIU emphasises not only the academic and theoretical enrichment but also the practical applications of the acquired learning. The laboratories at the universities are equipped with all forms of latest and essential tools and resources managed by well trained and competent staff to make the student's learning more impactful and complete.*

# Local Picnics

*The students learn most when they learn outside the classrooms! Therefore the university organised excursions and picnics whenever the pressure of studies got too much for the much rekindled break from monotony. The students thoroughly enjoy these visits to the beautiful landscapes of the foreign lands.*

# Graduation Ceremony

*Mkhitar Gosh Armenian Russian International University witnessed the grand ceremony for the class of 2021 on 19th August 2021. Almost 50 international students graduated from the MBBS course at the university. The students were blessed for their successful future by their mentors. The event marked the kind presence of several prominent members of the university's administration.*

# Holi Celebration

*Holi is a traditional Indian festival of colours. Indian Students studying MBBS at ARIU celebrated the festival with great enthusiasm. The celebration marked the presence of various prominent figures - H.E. Mr. K.D Dewal (Ambassador of India to Armenia and Georgia), Ms. A. Khachatryan (Dean of the University), Dr. Ashok Patel (Vice-Chancellor), Dr. Anahit Antonyan (Vice-Rector) among many others. The event was filled with love, laughter and colours.*

# Navaratri Celebration

*The university organises several events to encourage, promote and comfort the international students in the new setup. Navratri celebration is one such way where the Indian students along with their international friends gather together for the night of dance, dressed in colours and create new memories.*

# Eid Celebrations

*Eid is another of the popular and much anticipated festivals for many in Armenia. The university organises gatherings in its hall and many students, faculties and chief guests participate in this. The festival is celebrated in a traditional way with lots of enthusiasm from the students.*
